Annual Campus Crime Report:
Safety and Security Information

The UMF Department of Public Safety/Campus Police is located at 112 Maguire Street, Farmington Maine 04938. The phone number is 207-778-7400. The Department reports to the Vice President for Student and Community Services. The UMF Department of Public Safety / Campus Police staff includes the Director of Public Safety/Chief of Police, an Administrative Assistant, 3 full-time Police Officers, 17 Reserve Police Officers, 12 Student Escorts and 10 Student Event Security Staff. The department provides protection and services 24 hours a day, 7 days a week during the academic year. Police Officers at UMF have full law enforcement authorization on all property owned or controlled by the University of Maine at Farmington. The Police Officers of the UMF Department of Public Safety/Campus Police receive the enforcement authority, via the provisions of Public Law 1971, Chapter 544, Section 142, as amended, and the Board of Trustees grants each campus President, or his or her appointed representative, the authority to appoint persons to act as Police Officers at that campus. All full time Police Officers are trained as any other full time Police Officers in the State of Maine.

UMF Department of Public Safety/Campus Police Officers patrols the campus 24 hours a day using a marked police cruiser and on foot. During the academic year, UMF Department of Public Safety provides a student inter-campus escort service during evening hours of 7pm to Midnight, Sunday thru Thursday.

The UMF Department of Public Safety/Campus Police has trained Communication staff during the daytime hours, but relies on the Franklin County Communication Center for E-911 dispatching. The Franklin County Communication Center instantly dispatches the appropriate response to a call for service as we are in constant communication, via portable radio.

Cooperative Law Enforcement Functions

UMF Department of Public Safety/Campus Police Officers are full time police officers and have powers of arrest. They work with and have mutual aid agreements with all local law enforcement agencies. UMF Department of Public Safety/Campus Police investigate all criminal matters on campus and will work with other area law enforcement agencies in solving crime.

Reporting Criminal Activities or Emergencies

UMF community members and guests who wish to report criminal activities may do so in a number of ways. Emergency calls should be made by dialing 911. When calling 911 from a university phone, the call rings into the Department of Public Safety/Campus Police office and shows which extension it is dialed from and then rings through to the Franklin County Communication Center (dispatch). This process allows the on duty police officer to mobilize before the call is even completed.

The Franklin County Communication Center personnel are fully trained in 911 procedures and Emergency Medical Dispatching. They will keep the caller on the line to communicate instructions in the event of a medical emergency.

Persons may use any of the 30 emergency phones/call boxes that are strategically located around
campus. This provides a direct line to the UMF Department of Public Safety/Campus Police when the red button is pushed. These phones are visible and marked with a blue light. You may use the emergency phones to report a criminal incident, a fire or other types of emergency or to request assistance of any kind from the UMF Department of Public Safety/Campus Police. Phone jacks are also available in each residential room, but it is the student’s responsibility to plug in a standard phone.

Persons desiring more confidentiality may come to the UMF Department of Public Safety/Campus Police office at any time of the day or night to report a crime. Persons may report criminal activity to UMF Department of Public Safety/Campus Police, Farmington Police, the Franklin County Sheriff’s Department or any Campus Security Authority.

If you call to report a crime, please provide the following information:

- Your full name, date of birth and contact information (cell phone number preferred)
- Location and description of the incident you are reporting
- A description of any vehicles or suspects involved in the incident

The most important thing to remember is that suspicion of a crime does not require proof. If you suspect that a crime is being committed or has been committed, call the UMF Department of Public Safety/Campus Police immediately at (207)778-7400.

When a crime is reported to UMF Department of Public Safety/Campus Police or other appropriate officials of the University, it will be investigated by the UMF Department of Public Safety/Campus Police. In addition, if a suspect of a crime is a student, there may be an inquiry through the Office of the Vice President of Student and Community Services or the Department of Student Life. If the suspect is an employee of the University, an inquiry maybe conducted by the Office of Human Resources and/or other appropriate university officials. It is the policy of the University to take every report of criminal activity seriously and to take appropriate action, consistent with applicable law.

TO REPORT A CRIME:

To report a crime: Contact the UMF Department of Public Safety/Campus Police at 778-7400, dial 911 (for emergencies only) or by using any of the emergency call boxes located throughout the campus. Any suspicious activity or person(s) seen in the parking lots loitering around vehicles, inside buildings or around the Residence halls should be reported immediately to the UMF Department of Public Safety/Campus Police Department. In addition, you may report a crime to the following individuals:

- Celeste Branham – Vice President for Student and Community Services 778-7087
- Brian Ufford – Director of Residence Life 778-7334
- Kathleen Falco – Director of Human Resources & Finance 778-7280
- Joseph McGinn – Provost/Vice President for Academic Affairs 778-7279
- Robert Pederson – Director of Center for Student Development 778-7036
- Julie Davis – Director of Athletics & Fitness & Recreation 778-7264
Anonymous Reporting

Members of the campus community can receive assistance anonymously by going to the director or counselors with the Center for Student Development, the medical staff at the Student Health Center or by speaking to individuals identified as “Violence Intervention and Prevention Supports” or VIPS.

The UMF staff/faculty members identified above are not required to report the incident to the Director of Public Safety/Chief of Police. If they do decide to report these incidents confidentially, then the appropriate information, such as, the type of crime, when the crime occurred and where the crime occurred, will be submitted on a confidential reporting form to the Director of Public Safety/Chief of Police by email (brock.caton@maine.edu). This information will be used for crime statistics tracking purposes only. The UMF staff/faculty member will then ensure the reporting party receives information about the appropriate resources available to them and will assist them with contacting our various coalition partners if necessary.

The University of Maine at Farmington maintains a coalition partnership with the Sexual Assault Prevention & Response Services (SAPRS), Safe Voices and Evergreen Mental Health Services.

If the individual filing the report requests a criminal investigation then an officer from the UMF Department of Public Safety/Campus Police will investigate immediately. If the individual does not want a criminal investigation to occur, but would like administrative actions taken, then the Vice President for Student and Community Services will determine the appropriate course of action to handle the incident, to include a judicial hearing.

Criminal Activity Off of Campus

When an UMF student is involved in an off-campus offense, officers may assist with the investigation in cooperation with local, state or federal law enforcement. Farmington Police Department routinely works and communicates with UMF Department of Public Safety/Campus Police on any incidents occurring on-campus or in the immediate neighborhood or businesses surrounding the University. UMF does not offer off-campus housing or off-campus student organization facilities. However, many students live in the neighborhoods surrounding UMF. While the Farmington Police
Department has primary jurisdiction in all areas off of campus, UMF Department of Public Safety/Campus Police can and do respond to student-related incidents that occur in close proximity to campus. UMF Department of Public Safety/Campus Police maintains direct radio communications with local police, fire department and ambulance services in order to facilitate rapid response in any emergency situation. Any off campus incidents that are reported to the Director of Public Safety/Chief of Police will be referred to the Vice President for Student and Community Services for administrative action under the Student or Employee Conduct Code.

Building and Grounds Security

Most UMF buildings and facilities are accessible to the campus community, guests and visitors during normal business hours 8am- 4:30pm, Monday thru Friday.

Access to Campus Residence Halls

Resident students access their residence halls, via an electronic card access control system. Guests may gain access by calling a resident living in the hall and being escorted in by that individual. Exterior doors to residence halls are always locked 24 hours a day. Emergencies may necessitate changes or alterations to any posted schedules. Areas that are revealed as problematic have security surveys conducted. Administrators from the President’s Office, Facilities Management, Student Life and other concerned areas review these results. These surveys examine security issues, such as, landscaping, locks, alarms, lighting and communications. Additionally, during the academic year, the Directors of Facilities Management, Residence Life and the Department of Public Safety/Campus Police meet on a case by case basis to discuss issues of pressing concern.

Campus Police Officers perform regular building checks each and every shift. Assistant Directors (A.D.’s) and Community Assistants (C.A.’s) from Residence Life are also assigned to each residence hall. Safety and security checks made in the residence hall are conducted to determine and detect any damage to facilities and any suspicious activities.

Emergency Call boxes/phones are identified and visible by a blue light and are located throughout the campus. Grounds maintenance includes the trimming of trees and shrubs that might be a hazard to the safety of students and others walking on campus, especially at night. Lighting is in an ongoing process of upgrade and has been increased and improved throughout the campus. Defective or inoperable lighting is noted during patrols at night and repaired by the UMF Department of Facilities Management.

Crime Prevention Resources and Service

Crime prevention programs play an important and significant role within the UMF Campus Community. UMF Department of Public Safety/Campus Police operates under the assumption that they are a component of the educational process for students, faculty and staff within this community. The campus community as a whole is responsible for the reduction of crime and crime prevention.
Crime Prevention Programs and Sexual Assault Prevention Programs are offered on a continual basis. Periodically during the academic year the UMF Department of Public Safety/Campus Police, in cooperation with other university departments, university organizations and coalition partners, present crime prevention awareness training sessions on sexual assault (rape and acquaintance rape), Rohypnol abuse, theft and vandalism, as well as educational sessions on personal safety and residence hall security. A common theme of all awareness and crime prevention programs is to encourage students and employees to understand their responsibility for their own safety and the safety of others.

In addition to training sessions, information is disseminated to students and employees through crime prevention awareness packets, social media sources, security alert posters, bulletin boards, articles and advertisements in university and student newspapers. When time is of the essence, information is released to the university community through security alerts posted prominently throughout campus, through computer memos sent over the university’s electronic mail system and cell phone instant messaging.

The following is a listing of the crime prevention programs and projects utilized by Security and Campus Safety:

- **Orientation:** During orientation in September students are informed of services offered by the Department of Public Safety/Campus Police. Students are told about local crime. Similar information is presented to new employees.

- **Residence Hall Security Awareness:** Crime prevention, safety and security programs are presented in each residence hall upon requests by the halls Community Assistants. At the beginning of each semester, the UMF Department of Public Safety/Campus Police conducts a mandatory safety and security briefing with the residential life staff.

- **Escort Service:** Inter-Campus Escort Service (I.C.E.), under the direct supervision of the Director of Public Safety/Chief of Police, provides evening escort service to students, employees and guests. The student escorts are available Sunday thru Thursday, 7pm – Midnight and can be reached directly at (207)778-7244. Requests for an escort outside of these hours can be directed to the UMF Department of Public Safety/Campus Police at (207)778-7400. This service provides personal safety escorts for persons walking from one point on campus to another point on campus and individuals traveling from the campus to their off-campus residence after dark.

- **Printed Crime Prevention Materials:** The UMF Dept. of Public Safety/Campus Police prints and distributes numerous brochures and handouts relating to sexual assault prevention, crime prevention, residence hall safety tips and emergency reporting procedures. These handouts are also posted on residence hall bulletin boards.

- **Operation Identification:** Operation Identification, the engraving of serial numbers or owner-recognized numbers on items of value, is strongly promoted in student residence facilities and is available to students and employees upon request. The serial numbers of valuables are recorded and a record maintained at the UMF Department of Public Safety/Campus Police.

- **Whistle Program:** Each first year student is given a high quality steel whistle to be blown in case of an emergency. Most students keep their whistle on their keychain or on their identification lanyard for quick and easy access.

- **Crime Prevention Publicity:** Crime prevention material may be published in the student newspaper, The UMF Farmington Flyer; shown over TV monitors in the Olsen Student Center;
or broadcasted on the student radio, WUMF 100.1 FM.

- **Crime Prevention Presentations**: Officers will conduct crime prevention and substance abuse awareness programs in residence halls and elsewhere on campus throughout the year upon request to the Director of Public Safety/Chief of Police.

- **Event Security**: UMF Department of Public Safety/Campus Police will work with event organizers to ensure that the event being held is safe for participants. Students hired as Event Security are available upon request and will assist Campus Police Officers at large gatherings.

- **Social Media**: The UMF Department of Public Safety/Campus Police will post significant campus notifications or status updates on its Facebook page (University of Maine at Farmington Campus Police Department).

**Maine Sex Offender Registry**

In accordance to the Campus Sex Crimes Prevention Act of 2000, the UMF Department of Public Safety/Campus Police provides a link to the Maine Sex Offender Registry. This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by the State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in the State at which the person is employed, carries a vocation, or is a student. In Maine, convicted sex offenders must register with the Maine Sex Offender Registry maintained by the Maine Department of Public Safety/Maine State Police. At the UMF Department of Public Safety/Campus Police office, information is available about the registered sex offenders in our area. The Maine State Bureau of Identification is the base for the Maine Sex Offender Registry program. Our local law enforcement agencies also provide information regarding registered sex offenders. Please use the links below to view all registered sex offenders in the area of the University of Maine at Farmington:

**Disciplinary Sanctions for any Sex Offense or Sexual Assault**

University of Maine at Farmington denounces the use of violence within our community directed against any individual or group. We, the campus community, regard sexual assault as a violent crime, a particularly heinous form of sexual harassment, whether committed by a stranger or an acquaintance on or off campus. We condemn the commission of sexual assaults and believe any person charged with such offenses should be dealt with promptly and fairly through the courts and our own administrative judicial system. Moreover, we are dedicated to eradicating hostile settings in which our ability to work, study, live and learn together is inhibited. Finally, we pledge assistance through the various departments of the university and our coalition partners in aiding survivors of sexual assault to determine how best they may regain control over their
What to do if you are attacked/sexually assaulted.

- Go to a safe place.
- Tell someone you trust.
- Seek immediate medical attention.
- Prompt medical attention can assure your physical well-being and minimize your risks of becoming pregnant or contracting a sexually transmitted disease as a result of the rape.
- Do not shower, wash, change your clothes, eat, drink, smoke or go to the bathroom.
- Even if you have cleaned up or changed your clothes, you should still seek medical attention because evidence can still be collected.
- Go to the Student Health Center or hospital as soon as possible and wear or bring with you, in a paper bag, the clothes you were wearing at the time of the rape.
- The Student Health Center will explain the rape kit procedures undertaken at the hospital and will assist in making arrangements to meet a sexual assault advocate from the Sexual Assault Prevention and Response and a nurse specially trained in sexual assault examinations. Medical staff at the Student Health Center are trained for this particular type of emergency.

Criminal Code Definitions

In addition to recognition of the definitions and general provisions of the Criminal Code of the State of Maine, under which criminal sanction may be pursued, the campus community is provided with following definitions of some particular forms of unacceptable social behavior and interference with the rights of others, which, if committed by a member of the campus community, shall be subject to disciplinary action.

Sexual Assault

Sexual Assault is any unwelcome sexual contact, either directly or through clothing, which is committed by threat, or by force, or without the consent of the other person. Sexual contact may include deliberate contact between a body part of, or an object wielded by, one person, and the body part of another person.
Rape

Emotional support, counseling about options, information about resources related to legal issues and medical treatment are available to assist all those recovering from sexual assault.

Support Network for Survivors of Sexual Violence

The UMF Sexual Violence Task Force on rape prevention plays a large role in the education of the university community. Members speak to all faculty and attend departmental meetings; they develop and distribute the UMF Sex Offense and Sexual Assault Policy and Procedure booklet, and oversee the Peer Rape Prevention Educators (PRPE’s). The PRPE raises awareness through presentations in the residence halls, movies, posters and handouts. The committee members and the PRPE’s have spoken in class sessions of PHE 100, Fitness and Health, and are available to speak in any class upon request. Participation by the members of the committee in new student orientation
sessions, mailings to new students and in the September Organizational Fair allows for distribution of written materials as well as a presentation of a skit dealing with rape. For individual assistance in the area of sex offenses or sexual assault prevention, students may consult any of the three sex offense or sexual assault victim advocates: the counselors in the Center for Student Development, the staff in the Student Health Center or members of the UMF Department of Public Safety/Campus Police.

Students who are possibly in violation of UMF Residence Life policies meet with an Assistant Director, Director of Residence Life and/or the Vice President for Student and Community Services. Students found responsible for violating policy can be sanctioned with the following: warning, probation, termination of housing contract, suspension and/or expulsion with restitution. Other education sanction can also be imposed. For example, community service and referral for alcohol/drug evaluations (BASICS) are often used. If a sexual assault or rape occurred, staff on the scene, including UMF Department of Public Safety/Campus Police, will offer the victim a wide variety of services. SAPRS (Sexual Assault Prevention & Response Services) has trained staff which is available to assist a victim on their 24-hour hotline at 1-800-871-7741. This publication contains information about on-campus and off-campus resources. That information is made available to provide the UMF community members with specific information about the resources that are available in the event that they become the victim of a crime. Crimes should be reported to the UMF Department of Public Safety/Campus Police to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate. For example, a crime that was reported only to SAPRS would not be included in the UMF crime statistics.

Confidential Reporting Procedures

If you are the victim of a crime and do not want to pursue action within the University System or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Director of Public Safety/Chief of Police can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to help take steps to ensure the future safety of you and others. With such information, the university can keep accurate records of the number of incidents involving students, determine whether there is a pattern of crime with regard to a particular location, method or assailant and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

Procedures Victims Should Follow Should an Offense Occur

Any victim of a crime, to include assault or sexual assault should immediately contact the UMF Department of Public Safety/Campus Police. The officer on duty will immediately respond to assist the victim(s) in seeking medical attention and then investigate the crime. At all times, the victim’s rights will be protected and the victim will have input into the course of the investigation. Counseling services are available and will be provided if the victim is receptive to such services. The victim will be provided information pertaining to available resources and referred to the appropriate
coalition partner for assistance if requested.

**Disciplinary Sanctions for Any Sex Offense or Sexual Assault**

Any person found to have committed any incident, to include assault, any sex offense or sexual assault by the UMF Conduct Committee and/or the Maine Criminal Justice System will be subject to severe disciplinary sanctions, to include immediate suspension or dismissal from the University.

**Notification of Options for Changing Living Areas or Academic Situations**

Any victim of any incident, to include assault, any sex offense or sexual assault has the right to request a change in living arrangement or academic situations. If an immediate threat is perceived by a person, they can be reassigned temporarily to a different room or building until the threat is removed or eliminated from the University.

**Procedures for Campus Disciplinary Action**

2. The accuser and accused will both be informed of the outcome of any such hearings when the charge is a violent act. Victims must be informed of their option to notify proper law enforcement authorities and their option to be assisted in doing so. If a sex offense, sexual assault or other offense is reported to any University official other than the UMF Department of Public Safety/Campus Police, the victim will be informed of his/her option to notify proper law enforcement authorities (including the UMF Department of Public Safety/Campus Police) and will be assisted in doing so if requested. All employees involved may be required to undergo professional assessment by a substance abuse professional designated by the University to determine whether they are involved in substance abuse or addiction. In case of dependency, the University may treat the case as a disability.

Policy Statement Addressing Counselors

As a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus “Professional Counselors”, when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged; if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

Professional Counselor: An employee of an institution whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification. This definition applies even to professional

These warnings will be posted if a serious crime on campus constitutes an ongoing or continuing threat to the community.

The decision to issue a timely warning shall be decided on a case-by-case basis in compliance with the Clery Act. The decision is made by the Vice President of Student and Community Services and the Director of Public Safety/Campus Police after considering all available facts, whether the crime is considered a serious threat to students or employees and the risk of compromising law enforcement efforts.

The UMF Department of Public Safety/Campus Police has trained and experienced police officers/criminal investigators that work directly with the Franklin County District Attorney’s Office. Campus Emergency Response &
Evacuation Procedures

Emergency Response

The University of Maine at Farmington Crisis Management Team is responsible for developing contingency plans and continuity of operations plans for all staff and students on campus. The university conducts numerous exercises each year, which have included table top exercises, field exercises and tests of the emergency notification systems on campus. These tests are designed to assess and evaluate the emergency plans and capabilities of the university.

The University of Maine at Farmington Department of Public Safety/Campus Police members are trained in National Incident Command and Responding to Critical Incidents on Campus. When a serious incident occurs that causes an immediate threat to the campus, the first responders on the scene are usually the members of the Department of Public Safety/Campus Police, the Farmington Police Department and the Farmington Fire Department. They all respond and work together to manage the incident. Depending on the nature of the incident, other University of Maine at Farmington departments, as well as other local, federal and private agencies may also be involved in responding to, and assist with the management of the incident.

General information about the emergency response and evacuation procedures for University of Maine Farmington are publicized each year as part of the institution’s Clery compliance efforts and that information is available on the University of Maine at Farmington Department of Public Safety/Campus Police website (www.PublicSafety.umf.maine.edu)

Notification

All members of the University of Maine at Farmington campus community are notified on an annual basis that they are required to notify the University of Maine at Farmington Department of Public Safety/Campus Police of any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students and/or employees on campus. University of Maine at Farmington Department of Public Safety/Campus Police have the responsibility of responding to, and summoning the necessary resources to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation. In addition, the University of Maine at Farmington Department of Public Safety/Campus Police has the responsibility to respond to such incidents to determine if the situation does in fact, pose a threat to the community. If that is the case, Federal Law requires that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation.

In the event of a serious incident, which poses an immediate threat to members of the University of Maine at Farmington, the Department of Public Safety/Campus Police will immediately notify Director of Public Safety/Campus Police and then the UMF Crisis Management Team. First responders will confirm that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the University of Maine at Farmington
Campus Community. The Crisis Management Team will collaborate to determine the content of the message and will use some or all of the systems described below to communicate the threat to the University of Maine at Farmington Campus Community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population. The Crisis Management Team will, without delay, take into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: University of Maine at Farmington Department of Public Safety/Campus Police, the Farmington Police Department, the Farmington Fire Department and NorthStar Emergency Medical Services compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

In the event of a serious incident which poses an immediate threat to members of the University of Maine at Farmington Campus Community, the university has various systems in place for communicating information quickly to those individuals. Some or all of these methods of communication may be activated in the event of an immediate threat to the campus community. These methods of communication include:

- **MyCampus**: UMF’s online directory/source of information of everything that a campus community member may need.

- **Directed Communications TEXT / E-MAIL**: University of Maine Farmington email system alerting students, faculty, and staff.

- **Flyers**: posted on bulletin boards, exterior doors in academic buildings, residence halls, bulletin boards and administrative buildings.

- **University of Maine at Farmington Department of Public Safety/Campus Police website**: www.publicsafety.umf.maine.edu

- **University of Maine at Farmington Emergency AUDIBLE ALERT HORN**: A loud air powered horn located on top of the Public Safety/Campus Police Office building is used when there is imminent danger to the community. If the horn is heard, the campus community can get specific instructions and other particular information through the other messaging systems, i.e. the e-mail or text alerts.

**Emergency Evacuation Procedures**

An evacuation drill is coordinated by the Department of Public Safety/Campus Police, the Department of Facilities Management, and the Farmington Fire Department once each semester for all residential facilities. Students are required to learn the locations of the emergency exits in the buildings and are provided guidance and direction when exiting each facility for a short-term evacuation. Residents are not advised in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of the designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. The Department of Public Safety/Campus Police and Student Life staff on scene will communicate the proper procedure to
students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to better prepare occupants of a building for an organized evacuation in case of a fire, or any other emergency. Evacuation drills are used as a way to educate and train UMF community members on fire safety issues specific to the building they work or live. During the drill, occupants practice procedures, and familiarize themselves with the location of exits and the sound of the fire alarm. In addition to educating the occupants of the buildings about evacuation procedures, the process also provides the University an opportunity to test the operation of fire alarm systems.

**Shelter in Place Procedures**

If an incident occurs and the buildings or areas around where you are located become unstable or if the air outdoors becomes dangerous due to toxic or irritating substances in the air, it is usually safer to stay indoors. Thus, "shelter in place" means to make a shelter of the building that you are in. With a few adjustments this location can be made safe and comfortable until the outside threat is resolved.

**Basic "Shelter in Place" Guidance**

If an incident occurs and the building you are in is "not" damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, take your personal belongings and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, use the stairs instead of the elevators). Once evacuated, seek shelter at the nearest safe university building quickly. If the police or fire department personnel are on scene, follow their directions.

**How You Will Know to "Shelter in Place"**

A shelter in place notification may come from several sources including: the Department of Public Safety/Campus Police, Residence Life staff members, other university facility employees, the Farmington Fire Department and the Farmington Police Department. Notification of a need to “shelter in place” also may come over the radio and television. In addition, the university can announce the need to shelter in place on campus through any of the communications methods previously mentioned.

**How to "Shelter in Place"**

No matter where you are the basic steps to shelter in place will generally remain the same. Should the need ever arise; follow these steps, unless instructed otherwise by emergency personnel scene:

- If you are inside, stay where you are. Gather any emergency “shelter in place” supplies, as well as a telephone. If you are outdoors, proceed to the closest building quickly or follow instructions of emergency personnel on scene.
- Locate a room for shelter.
- It should be an interior room above ground level and with few or no windows.
- Shut and lock all windows and close exterior doors.
• Turn off air conditioners, heaters, and fans.
• Close all vents to outside ventilation systems if able.
• Turn on a radio or TV listen for further instructions.
• If internet access, go to UMF MyCampus for updates.

Missed Student Notification Policy for Students Who Reside On-Campus

If a member of the University of Maine at Farmington Campus Community has reason to believe that a student who resides in on campus is missing, he or she should immediately notify the UMF Department of Public Safety/Campus Police at 207-778-7400.

After investigating the missing person report, should the UMF Department of Public Safety/Campus Police determine that the student is missing and all available means have been reached; the on duty police officer will facilitate the entry of that individual into the National Crime Information Center computer system no later than 2 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not emancipated, the on duty police officer will notify the student’s parent or legal guardian immediately.

In addition to registering an emergency contact, students residing on campus have the option to list confidentially an individual they wish to be contacted by the Department of Public Safety/Campus Police in the event the student is determined to be missing. If a student has identified such an individual, the Department of Public Safety/Campus Police will notify that individual no later than 2 hours after the student is determined to be missing. Students who wish to identify a confidential emergency contact can do so at the Department of Public Safety/Campus Police, 112 Maguire Street, Farmington, Maine 04938  207-778-7400.

Annual Fire Safety Report

For all campus owned residential facilities

If a fire occurs in a University of Maine at Farmington building, community members should immediately notify University of Maine at Farmington Department of Public Safety/Campus Police at 778-7400. University of Maine at Farmington Department of Public Safety/Campus Police will initiate a response by contacting the Franklin County Sheriff’s Department Communication Center, which in turn will initiate a response from the Farmington Fire Department and the Department of Facilities Management. If a member of the campus community finds evidence of a fire that has been extinguished, and the person is not sure whether the Fire Department is or has already responded, the community member should immediately notify the University of Maine at Farmington Department of Public Safety/Campus Police and the Department of Facilities Management to investigate and document the incident.

The fire alarm systems on campus are meant to alert community members of a potential hazard. All community members are required to heed their warning, and evacuate immediately upon hearing a fire alarm. Use the nearest stairwell and/or exit to leave the building immediately. UMF Community Members should familiarize themselves with the exits in each building.

University of Maine at Farmington Department of Public Safety/Campus Police publishes this fire safety report with its annual Clery compliance documents. These documents contain information with respect to the fire safety standards for the University of Maine at Farmington. This report includes statistics concerning:

- the number of fires,
- the cause of each fire,
• the number of injuries and/or death related to a fire,
• the cost of the property damage caused by a fire

Fire Protection Equipment/Systems

The majority of university buildings are equipped with automatic fire detection, alarm systems, sprinkler and hood suppression systems which are not currently monitored by the Farmington Fire Department by remote sensing.

Fire Evacuation Plan

1. All faculty, staff and students are required to evacuate the building when the alarm has sounded and proceed to the nearest exit in an orderly fashion and go directly to the pre-determined evacuation site.

2. The last individual exiting a room should close the door and proceed to the nearest exit. If smoke hampers your means of egress, find an alternate route.

3. Never use an elevator when evacuating the building, as smoke will rise into the elevator shaft, placing everyone inside at serious risk. Handicapped individuals should proceed to the nearest staircase and wait for assistance.

4. Do not re-enter the building until the fire alarm has been silenced and University of Maine at Farmington Department of Public Safety/Campus Police or the Farmington Fire Department emergency personnel has indicated that it is safe to re-occupy. Always inform the University of Maine at Farmington Department of Public Safety/Campus Police if anyone has been injured or cannot account for their presence.

Fire Reporting Procedures

The following procedures should be followed if you discover a FIRE:

1. Proceed to the nearest emergency call box to activate the fire alarm system, and call the University of Maine Farmington, Department of Public Safety/Campus Police or Emergency Dispatch at 911.

2. Provide the officer your name, the building name, the location of the fire, and if there are any injuries.

3. If the fire is small and you have properly trained, use a fire extinguisher to put the fire out.

Emergency Evacuation Procedures for Individuals with Disabilities

1. If the occupant, resident or visitor is located above or below the ground floor, do not use the elevator.

2. If the occupant, resident or visitor is located on the ground floor of the building, exit through the
closest means of egress.

3. Call the UMF Department of Public Safety/Campus Police and give the officer your name, exact location, room number and telephone number. Remain by the phone until firefighters come and assist persons who are unable to evacuate.

An emergency situation exists when a fire alarm system activates. Regardless of the cause, all emergency procedures must be followed. Occupants shall exit the building in an orderly fashion; the Farmington Fire Department (via the 9-1-1 system) will be notified. The Department of Facilities Management as well as The Department of Public Safety/Campus Police will be advised. Campus Police personnel will remain on site to assist the Farmington Fire Department as needed until the source of the activation is known and the most senior fire department official deems an emergency no longer exists.

A maintenance issue exists when a fire alarm panel shows a trouble light or alarm, but the system was not activated. When this situation occurs, the individual that discovered the trouble shall contact the Facilities Management office immediately. A licensed electrician will investigate the source of the problem, make repairs and reset the alarm panel. Other than a licensed electrician, no other staff, faculty or students shall reset a fire alarm that is in trouble.

Health and Safety Inspections

The UMF Department of Facilities Management performs Residence Hall health and safety inspection annually. The inspections are primarily designed to find and eliminate safety violations. The inspection will include, but not be limited to, a visual examination of electrical cords, sprinklers heads, smoke detectors and other safety systems.

In addition, the UMF Department of Student Life examines each room for the presence of prohibited items (e.g. sources of open flames, such as candles, non-surge protected extension cords, halogen lamps, portable cooking appliances in non-cooking areas, etc.) or prohibited activity (e.g. smoking in the room, tampering with life safety equipment, possession of pets, etc.) throughout the academic year.

Housing Policies

Cooking

Cooking is among the most frequent causes of residential fires. Cooking is not permitted in student rooms. Cooking may only be done in designated kitchen areas and must not be left unattended. Appliances with exposed burners (e.g. hotplates) are not permitted in residential buildings. Items with enclosed heating elements may only be used in designated kitchen areas. This includes, but is not limited to, use of appliances such as toasters, toaster ovens, frying pans, deep fat fryers, grilling machines, waffle irons and slow cookers. An alarm set off because a student has been cooking in their room will be subject to a fine.
**Flammable Materials**

Candles, incense or any source of open flame, or ignition are prohibited in a student’s residence. Flammable materials such as gasoline, camp stove fuel, paint solvents, propane, butane, charcoal lighter fluid or other highly flammable material may not be stored or used in student residences and will be removed if found.

**Electrical Appliances**

Electric line load limitations prohibit the use of heavy-demand appliances in student rooms. One small refrigerator per resident is permitted in student room or in common areas. No refrigerators exceeding 3.0 cu. ft. or operate at more than 350 kWh in any student rooms. Larger sized refrigerators, keg refrigerators, coolers, air conditioners and space heaters are prohibited and will be removed if found.

Light-demand electrical items, such as radios, stereos, alarm clocks and televisions may be used within the limitations of safe operating conditions. Please contact the Department of Facilities Management for guidance on the use of multiple appliances. All electrical items should be unplugged if the student room will not be occupied for an extended period of time such as during breaks.

**Electrical Safety**

Any electrical device which is modified after purchase is prohibited and will be removed. Students may not add wiring, remove or alter existing wiring or use unsafe wiring devices. Outlet expanders are prohibited and will be confiscated. Thin wire extension cords used for any purpose other than extending a single, low wattage item will be removed. Overloading thin wire extension cords can lead to overheating and fire. Do not plug power strips into thin wire extension cords. In no case should power strips be plugged into other power strips.

No current-carrying wire will be run under carpets or be taped across walking paths, door thresholds or through doorways where pinching or other damage can result. Fines may be issued for unsafe wiring practices.

**Fire Protection and Combustible Materials**

A fire in a campus residence is a disaster that can be avoided by the mutual effort of residents and staff. The misuse of fire safety equipment (e.g. fire escapes, fire extinguishers, smoke detectors, sprinkler systems and fire alarms) is not permitted and is a violation of Public Safety/Campus Police laws in the State of Maine. Smoke detectors, sprinkler heads and fire alarms may not be covered with tapestries or any other materials. Nothing may be attached to or hung from sprinkler pipes or sprinkler heads. A $50.00 fine will be assessed along with the repair/replacement cost of any life safety system that is tampered with or damaged. All students should become familiar with policies regarding life and fire safety, administered by the Department of Facilities Management.

**Smoking**

Smoking or the burning of any type of pipe, cigar and cigarette or similar product is prohibited in all campus buildings including residence halls and houses and their stairwells, porches or garages. New
in 2011, the University of Maine at Farmington has decided to go “Tobacco Free.” Smoking and all tobacco products are now prohibited on the entire UMF campus.

The presence of ash-filled ash trays, hookahs and water pipes will be considered proof of smoking in rooms and will be reported to the UMF Department of Public Safety/Campus Police. Water pipes and hookahs may be confiscated.
