

# Guitar

## Materials:

- ❖ Small rectangle box
- ❖ Wooden stick (size of paint stirrer) or strip of mat board, or foam board
- ❖ Four foam beads
- ❖ Four large rubber bands
- ❖ Two skewers/straws (plastic or wood)
- ❖ Silver Mylar or construction paper to cover
- ❖ Square of cardboard (2in by 2 in)
- ❖ Sticky back vinyl and other materials to decorate

Total Cost for materials in picture when purchased at the Resource Depot: \$1.46

## Try this:

- Step 1- Cut an oval hole in one side of the box
- Step 2- Put rubberbands around the box so that the bands stretch vertically across the oval and tape down to secure to the box
- Step 3- Attach Paint Stick to the back of the box as the neck of the guitar
- Step 4- Attach the cardboard square to the top of the paint stick for the head of the guitar
- Step 5- Attach the two straws to the guitar head to make tuning keys and place a foam circle on each end of the straws
- Step 6- Decorate with silver mylar, construction paper, sticky back vinyl, and more!
